About **Vital Village Networks**

Vital Village Networks is a national collective of diverse change-makers and organizations committed to pioneering sustainable approaches to transforming child, family, and community wellbeing

Networks of Opportunity for Child Wellbeing (NOW) is a national initiative powered by Vital Village Networks

NOW exists to achieve social transformation and racial justice by partnering with individuals, organizations, institutions, and coalitions across the country to build their capacity to equitably share power with communities that have faced ongoing racial oppression and marginalization.

Healing Justice in Dire Times

Jasmin Hoo
jasmin@lavenderphoenix.org

June 12, 2025

Lavender Phoenix is a grassroots organization building
**trans, non binary, and queer Asian and Pacific Islander
people power** in the San Francisco Bay Area!

We train up our people to organize for
community safety and healing justice!

DIRE CONDITIONS: *The Right is Winning*

- **National attacks** on trans people, immigrant safety, basic civil rights
- **Locally/San Francisco: Arresting SF Bay residents for protesting ICE raids** in LA. + Mayor Lurie is slashing funding by **\$85 million** for all services that care for our people (food bank, early childhood education, health care, housing and houseleness services...), with **thousands of care workers about to be laid off**, while increasing the already inflated **\$900 million+ police department budget** in the name of “safety and healing”
- The **results** will be even more people sick, houseless, jobless, and **uncared for and locked up** (prison, detention centers, mental health facilities, etc.)

HEALING JUSTICE is *not* self care

It is a **movement organizing strategy** that intervenes on intergenerational trauma and systemic violence through spiritual and collective healing practices as we organize to dismantle the roots causes of violence. Rooted in reproductive justice, disability justice, liberatory harm reduction, transformative justice, environmental justice and economic justice.

Coined in the early 2000's by **Cara Page of the Kindred Southern Healing Justice Collective** to address the conditions of Black and Indigenous working class queer and trans people in the South East who were facing attacks on their bodies (police violence, fascist surveillance) and the criminalization of their ancestral healing practices while trying to sustain their organizing.

Check out ***“Healing Justice Lineages”*** book by Cara Page and Erica Woodland.

Organizing as a Grief Practice =

Acknowledge our loss + make meaning of it +
move into action/pour our love into action

- Malkia Devich-Cyril on *The Facism Barometer* podcast

HEALING JUSTICE at Lavender Phoenix

- **Collectively healing** as trans, non binary and queer Asians and Pacific Islander (*Up to Us* Trans API Needs Assessment, Trans API Peer Counseling, COVID safety...)
- **Shifting power** away from the Medical Industrial Complex + Prison Industrial Complex to change our conditions (*Care Not Cops* San Francisco Campaign)
- **Practicing sustainability** in everything we do (spirit and capacity checks, asking for help, pacing/combating false sense of urgency, calling in our elders + ancestors,)
